**Traditional Ballroom Hold** - Partners in Contact or in Close Proximity. Man holding Lady's Right hand in his Left hand (approximately eye level). Man's Right hand on Lady's back. Lady's Left hand on the Man's Right upper-arm or shoulder. This Hold may be danced in any allowable Position (Closed, Promenades and Counter Promenades, Right and Left Outside Partner Positions and 90 Degree Angle). This Hold may vary slightly depending on the dance and Style being performed as well as differences in the partners' height.

### **Detailed Descriptions of "Positions"**

1. **Closed Position** - Facing partner with body contact or slightly apart (close proximity).
2. **Outside Partner** - Facing Partner with body contact or slightly apart (close Proximity) includes Outside Partner on Right and Left side.
3. **Open Facing Position** - Facing partner, approximately at arms' length (able to take a Single or Double Hand or Extended Frame Hold).
4. **Promenade Position** - The couple forms a V shape with the Lady's Left and the Man's Right side close to each other or in contact. The other side is more Open. This is what forms the V shape. Both partners are facing in the same direction and will travel forward. If the couple increases the distance (no more than arms' length) between them they will achieve **Open Promenade Position**. **Fallaway Movements** are the same position as Promenade Position(s) but both partners will be moving backwards.
5. **Counter Promenade Position** - The couple forms a V shape with the Lady's Right and the Man's Left side, close to each other or in contact. The other side is more Open. This is what forms the V shape. Both partners are facing in the same direction. If the couple increases the distance (no more than arms' length) between them they will achieve **Open Counter Promenade Position**.
6. **Inverted Promenade Position** - To achieve this position the couple will start in Promenade Position. The Man will bring his Right side forward and Left side back. The Lady will bring her Left side forward and her Right side back, ending almost back to back and slightly apart, thereby inverting the Promenade Position. Lady will be on the Man's Right side. Man's Left side and Lady's Right side will be farther apart to form a V shape with their body's.
7. **Inverted Counter Promenade Position** - To achieve this position the couple will start in Counter Promenade Position. The Man will bring his Left side forward and Right side back. The Lady will bring her Right side forward and her Left side back, ending almost back to back and slightly apart, thereby inverting the Counter Promenade Position. Lady will be on the Man's Left side. Man's Right side and Lady's Left side will be farther apart to form a V shape with their body's.
8. **Back to Back Position** - The couple is back to back.

- 9. Right Side Position** - Lady on Man's Right side, both **facing the same way**. The distance between the partners can vary from close with body contact (hip to hip) to no greater than arms' length.
- 10. Left Side Position** - Lady on Man's Left side, both **facing the same way**. The distance between the partners can vary from close with body contact (hip to hip) to no greater than arms' length.
- 11. Tandem Position** - **Lady directly in front** of Man, both facing the same way, or **Man directly in front** of both facing the same way.
- 12. Right Shadow Position** **Lady in front** on Man's Right side, slightly in advance, both facing the same way.
- **Right Shadow Behind:** Lady on the Man's Right side, slightly behind both facing the same way.
- 13. Left Shadow Position** - **Lady in front** on the Man's Left side, slightly in advance, both facing the same way.
- **Left Shadow Behind:** Lady on the Man's Left side, slightly behind, both facing the same way
- 14. Contra Position** - Lady on the Man's Right or Left side, partners **Facing the Opposite way**. The distance between the partners can vary from close, with body contact (hip to hip), to no greater than arm's length.
- 15. Ninety Degree Angle** - Lady at a 90 degree angle to Man on his Left or Right side on an imaginary line several inches in front of him. Couples can be close or up to arm's length in distance (commonly called **Fan Position** when the is to the Man's Left side with a Left to Right Hand Hold).

## **International notes and restrictions for all dances**

### **General International Latin Notes and Restrictions**

1. ~~\*\*Partners must start in a~~ Closed Position or Open Facing Position with Normal, or Hand Hold. No entrances are allowed. For example, starting the Gold International Style Cha Cha with an allowed side by side amalgamation would constitute an “entrance. NOTE: Normal Hold in the International Latin allows for a more extended Proximity and Hold with the leaders right and follower’s Left arm.
2. Posing or Poses prior to taking hold will be considered an entrance.
3. Couples remain in a standing position at all times.
4. Couples dance only figures for the level entered. i.e. Bronze, Silver, Gold but Figures from lower levels can also be used.
5. Make special note that some lower level figures have developments at a higher level. For example, in the Rumba and Cha Cha, the Fan is Bronze, but the Fan Development is Silver. This is noted with an asterisk \* beside the figure.
6. Couples must use the dance position hold allowed for the figure and level being danced as noted in the charts below.
7. Positions given in the charts below are with hold unless noted as “no hold” or “ release hold”. When noted as No Hold partners may only release hold for a maximum of two bars before regaining an allowable hold. Figures that are standardized with out hold do not apply of course. Some examples: The Chase, Follow my leader etc.
8. At no time in any of the allowable positions are the couples further away from each other than a comfortable arms length. The only exception is the There and Back in Cha Cha.
9. Couples must use only the acceptable timing listed for the figure and level being danced
10. When a timing in a figure has no weight change that is noted by putting that count in parenthesis. For example, Rumba timing 2,3,4(1)
